## From Fractional to Full Voltage TECO Has You Covered

As an authorized distributor of TECO-Westinghouse Motors, Precision Drive & Control (PDC) offers a comprehensive range of high-performance motor solutions tailored to meet diverse industrial applications.

### TECO Motor Offerings:

- **Stock Motors:** Ready-to-ship solutions, including Single Phase ODP/TEFC, Three Phase ODP/TEFC, Medium Voltage ODP/TEFC, and Vertical Hollow/Solid Shaft Motors.
- **Custom Motors:** Engineered to specific requirements, featuring Induction Motors, Synchronous Motors, and DC Motors, designed for optimal performance in specialized applications.
- **Drives & Controls:** A selection of Low and Medium Voltage AC Drives, Soft Starters, and Drive Options to enhance motor performance and efficiency.

### Why Choose TECO Motors?

- **Proven Reliability:** TECO-Westinghouse motors are renowned for their durability and consistent performance across various industries.
- **Energy Efficiency:** Designed to deliver high operating efficiencies, these motors contribute to significant energy savings over their lifespan.
- **Comprehensive Support:** PDC provides expert consultation, ensuring you select the right motor for your application, backed by our full-service motor repair shop and on-site field services.

With nearly 50 years of experience, PDC is committed to delivering quality products and exceptional service. Our team is ready to assist you in finding the perfect TECO-Westinghouse motor solution to keep your operations running smoothly.
